

BOTTOM COVER - WATER HEATERS

Bottom cover is an additional equipment to standard gas water heaters. Using the cover improves the aesthetic qualities of the device by masking out the connection components in the bottom part of the heater. The cover is adapted to the following heaters:

- TermaQ type GP-19-01
- TermaQ Electronic Eco type GE-19-02
- TermaQ Electronic type GE-19-02
- TermaQ Aqua-Power type GH-19-02
- TermaQ Electronic Eco type GE-24-02
